

MAR 2025 PRESS RELEASE

In a significant move to streamline its air cargo operations, TOTSOL Aviation Pvt Ltd India has announced the successful implementation of e-CARGOWARE's innovative FR8Manage GSA application.

This cutting-edge software is designed to optimize operational efficiency, reduce costs, and provide real-time visibility across the entire supply chain.

Key Features of FR8Manage Implementation

Digital Transformation

The FR8Manage application enables TOTSOL Solutions to manage all transactions digitally, eliminating the need for paper or manual intervention. This shift enhances operational efficiency and reduces environmental impact by promoting e-Freight practices.

Real-Time Tracking and Visibility

Customers can now access real-time tracking for shipments, ensuring end-to-end visibility and transparency throughout the supply chain. This feature is crucial for improving customer satisfaction and trust.

Automated Workflow Integration

The software seamlessly integrates automation processes such as booking, documentation, and invoicing. This integration leads to faster and more accurate delivery services, reducing operational delays and enhancing overall customer experience.

Advanced Analytics

Comprehensive analytics using Power BI dashboards provide dynamic and real-time information about the business. These insights enable actionable decisions for optimizing cargo business operations, sales performance, and global comparisons, leading to better space utilization and strategic planning.

Seamless integration with GST Portal

Integrating TOTSOL with the FR8Manage platform to directly generate GST invoices for clients in India is a great example of leveraging technology and compliance. The ability to use APIs for seamless integration with various platforms indeed shows the flexibility and adaptability of our technology.

TOTAL SOLUTIONS

With 20+ years of experience in airline representation, our team possesses the expertise and passion to effectively operate as your preferred GSSA. We constantly strive to ensure quality, customer satisfaction and fair business practices.

Vikas Kukreja

Director of TOTSOL Aviation Pvt Ltd India

We are excited about the successful deployment of e-CARGOWARE's FR8Manage GSA application. This marks a significant milestone in our commitment to innovation and customer satisfaction. By leveraging the latest technology, we aim to deliver unparalleled service to our airlines and customers, empowering our staff with better decision-making tools and automation processes.

Amit Singh
