

JUNE 2022 PRESS RELEASE

e-Cargoware expand further in Canada, with adding FR8Manage – Handling software for two new stations for GTA dnata.

Dublin, Ireland – June 2022 press release:

Dublin, Ireland – 09 June 2022 e-Cargoware, a UK-based SaaS company providing core and ancillary cloud-based freight management software services for Airlines, GSAs, GHAs, Express Operators and Freight Forwarders is delighted to announce that GTA dnata headquartered in Mississauga, Ontario, Canada has opted to, once again, use the acclaimed FR8Manage – Handling application for its two new warehouse operations in Vancouver and Calgary, which will commence operation in the near future.

GTA dnata, Chairman, Mario D'Urso

We are very pleased to work with e-Cargoware and it was a given to once again select FR8Manage – Handling for our new handling facilities in Vancouver and Calgary. We are already using FR8Manage – Handling for our Toronto operation at Pearson International Airport (YYZ). We are very pleased with the applications and the support, and proactive interaction we get from the e-Cargoware team. Ramesh Darbha and his team have showed us that e-Cargoware are the perfect innovative solution provider and ideal software partner. GTA dnata is very busy these days with more facilities to open soon, Mario D'Urso, GTA dnata, Chairman commented,.

About GTA dnata

Headquarter in Mississauga, Ontario, Canada, GTA dnata is a joint venture company. A trusted partner of 17 airlines in Toronto, GTA dnata's expansion into Vancouver and Calgary cements the company's position as a leading air services provider in Canada. In 2019, GTA dnata assisted 1.2 million passengers and moved over 90,000 tons of cargo at Toronto Pearson International Airport (YYZ). Since the formation of GTA dnata in 2016, the company has consistently invested in its team, infrastructure and equipment and delivers reliable air services with a team of 750 dedicated employees.

CEO of e-CARGOWARE, Ramesh Darbha commented

e-CARGOWARE
the {digital} freight future

CEO of e-CARGOWARE, Ramesh Darbha commented "We are delighted to been given the endorsement from Mario D'Urso and GTA dnata, Canada, that our FR8Manage – Handling application is a stable, flexible, and easy to use application. FR8Manage – Handling ticks all the boxes needed for a more modern digital handling approach as handling becomes more complex and intensive in this fast-paced and continuously changing environment

e-Cargoware also provides a full range of services to cater to Courier/Express handling services to manage the increasing demand from eCommerce business. eCommerce shipments need to be turned around faster and still accurate, and with complete visibility within the terminal. The e-Cargoware Courier/Express handling application, includes features like, driver self-check in kiosks, warehouse dashboards, support of handheld devices and door allocation, to name a few examples.

About e-CARGOWARE

e-CARGOWARE is a software company founded by Arun Singh and Ramesh Darbha with the foresight to provide an easy to use, cost-effective logistics solutions wholly based on cloud technology. With a worldwide customer base, this SaaS platform helps Airlines, GSAs, GHAs, couriers and freight forwarders effectively manage their cargo business from booking through to revenue accounting and beyond. The company's vision is to be on the cutting edge of technology and develop services which entail the usage of Artificial Intelligence and Machine Learning features.
